PCWG Events at the AACR Annual Meeting 2017

**Pediatric Cancer Working Group Town Hall Meeting and Networking Reception**

This program included a panel discussion with the organizers of the [AACR Childhood Cancer Predisposition Workshop](https://www.aacr.org). The results of the workshop were presented and discussed with the audience.

**Chairperson:**
Garrett M. Brodeur, Children's Hospital of Philadelphia, Philadelphia, Pennsylvania

**Chair-Elect:**
Crystal L. Mackall, Stanford University School of Medicine, Stanford, California

**Panelists**
David Malkin, The Hospital for Sick Children, Toronto, Ontario, Canada
Kim Nichols, St. Jude Children's Research Hospital, Memphis, Tennessee
Sharon E. Plon, Baylor College of Medicine, Houston, Texas
Joshua D. Schiffman, University of Utah, Salt Lake City, Utah

**Pediatric Cancer Working Group Special Scientific Session: Emerging Topics in Pediatric Cancer**

*CME-designated*

This session highlighted recent breakthroughs in a variety of cutting-edge topics in pediatric cancer including how genetic and epigenetic changes influence carcinogenesis and cancer metabolism and how emerging technologies are guiding childhood cancer identification and treatment.

**Moderators:**
Crystal L. Mackall, Stanford University School of Medicine, Stanford, California
Garrett M. Brodeur, Children's Hospital of Philadelphia, Philadelphia, Pennsylvania
Speakers:
Michael A. Dyer, St. Jude Children's Research Hospital, Memphis, Tennessee. "Identification of pediatric solid tumor vulnerabilities through integrated analysis"
Mary-Louise Greer, The Hospital for Sick Children, Toronto, Ontario, Canada. "Qualitative and quantitative imaging in pediatric oncology"
Michael D. Hogarty, Children's Hospital of Philadelphia, Philadelphia, PA. "Exploiting metabolic dependencies encoded by MYC hyperactivation"
Frank Westermann, German Cancer Research Center, Heidelberg, Germany. "Epimutations in childhood cancer"
