AWARD SUMMARY

The AACR and the St. Baldrick's Foundation established this Award in 2019 to honor an individual in any sector who has significantly contributed to any area of pediatric cancer research, resulting in the fundamental improvement of the understanding and/or treatment of pediatric cancer.

The Award recipient will receive an honorarium and present an award lecture during the AACR Annual Meeting 2021 in Washington, DC, USA.

ELIGIBILITY CRITERIA

- Pediatric cancer researcher affiliated with any institution involved in cancer research, cancer medicine, or the cancer-related sciences in the U.S. or abroad may be nominated. Such institutions include those in academia, industry, or government.
- Candidates will be considered on the basis of their outstanding and innovative research which has had a major impact on the pediatric cancer field.
- The Award will be presented to an individual investigator.
- Institutions and/or organizations are not eligible to receive the Award.

NOMINATION DEADLINE

- September 30, 2020

NOMINATION PROCESS

- Nominations may be submitted by any individual, whether an AACR member or nonmember, who is currently or has previously been affiliated with any institution involved in cancer research, cancer medicine, or cancer-related sciences. Self-nominations are prohibited.
- Nominators must maintain strict confidentiality of their nominations and all nominations must be submitted electronically to <https://myaacr.aacr.org>. Paper nominations will not be accepted.
- Eligible nominations must include the following:
 - A nomination letter written in English (Max: 1,000 words), which comprehensively describes the candidate's outstanding and innovative research; and describes the candidate's current research activity and how their ongoing work demonstrates promise for continued substantive contributions to the cancer field and new directions in pediatric cancer. All publications that directly support the mentioned research accomplishments must be referenced within the provided letter.
 - A brief scientific citation (Max: 50 words) highlighting the major scientific contribution(s) justifying the award candidate's nomination.

AWARD SELECTION

- Eligible nominees will be considered by an Award Selection Committee composed of an international cohort of cancer research experts appointed by the AACR President. After Award Committee deliberations, primary and alternate award recipient

recommendations will be relayed to the AACR Executive Committee for formal ratification.

- Selection of the Award recipient shall be made on the basis of the candidate's scientific accomplishments without regard to race, gender, nationality, geographic location, or religious or political views.

INQUIRIES

- Please direct all inquiries regarding this year's award to Ms. Linda Stokes at linda.stokes@aacr.org or by phone at (215) 446-7128.
