The Tenth Annual Undergraduate Student Caucus and Poster Competition (USCPC) brings together undergraduate and post baccalaureate students to address educational pathways, explore career options in the cancer field, and compete for prizes while presenting their research.

The program is FREE, and lunch is provided. In addition, complimentary registration for the entire AACR Annual Meeting 2015 (April 18-22) will be extended to all student participants.

**Eligibility**
Full-time undergraduate and post baccalaureate students are invited to participate and/or to submit an abstract for poster presentation during this special session.

**Prizes for Poster Competition**
Attendees at this session may also choose to enter the poster competition. Poster competition winners will be awarded the AACR-Gary J. Miller Prizes for Cancer and Cancer-Related Biomedical Research. First prize consists of $1,500 for participation in the AACR Annual Meeting 2016 in New Orleans, La. Second ($300) and third place ($200) prizes will also be awarded, as well as Meritorious Honors for the top ten posters, and a People’s Choice Award. Prizes are judged by AACR member scientists.

This is a special poster session for students, and there is a separate abstract submission process (abstracts submitted to the general AACR Annual Meeting 2015 poster sessions were due December 3, 2014). Students are welcome to present abstracts that will also be presented elsewhere at the meeting.

**Registration**
All eligible students wishing to attend the session and/or compete in this poster competition must complete and submit an Advance Registration Form. See reverse side for advance registration form.

Poster presenters must also submit their abstract at http://myAACR.aacr.org. If you do not have a myAACR account, you will need to create an account.

**Deadlines**
Abstract Deadline: Friday, March 6
Registration Deadline: Friday, March 20

**AACR**
This program takes place at the American Association for Cancer Research’s Annual Meeting 2015, April 18-22, 2015 in Philadelphia, Pennsylvania.

Founded in 1907, AACR is the world’s oldest and largest professional organization dedicated to advancing cancer research and its mission to prevent and cure cancer. AACR membership includes more than 35,000 laboratory, translational, and clinical researchers; population scientists; other health care professionals; cancer advocates; and students residing in 97 countries.

Thank you for your support of the AACR and its activities. We look forward to seeing you in Philadelphia!
