

AACR Annual Meeting 2023

Encore abstract submission guidelines

The AACR Annual Meeting 2023 will be accepting encore clinical trials presentations, including trials in progress (TiP). Authors must supply information regarding the original presentation, indicating the name of the meeting and publication number at the time of submission. The first author will be responsible for obtaining, and, upon request, showing proof that written permission has been obtained from the copyright holder of the original abstract publication(s). Encore TiP abstract submissions will be accepted for poster presentation only.

Encore submissions must:

- Have been presented solely in abstract form, including publication in conference proceedings.
- Include significant additional data from the previous presentation (as determined by the review committee).
- For TiP, continue to meet the necessary criteria.
