

## **AACR Security Protocols**

### **AACR CONFERENCE ON THE SCIENCE OF CANCER HEALTH DISPARITIES IN RACIAL/ETHNIC MINORITIES AND THE MEDICALLY UNDERSERVED**

September 29 - October 2, 2023

Disney's Grand Floridian Resort

Orlando, Florida

Disney Safety and Security is a division of The Walt Disney Company responsible for workplace and guest safety, security and loss prevention at all Disney resorts. Disney takes a detailed comprehensive approach to security to provide a safe environment for all guests. The Disney Grand Floridian Hotel & Convention Center and the Disney Coronado Springs Hotels are located on the Disney Campus. All roads surrounding these properties are owned and controlled by Disney.

- Each resort has a controlled 24-hour security gate to access the property. The only way in and out of the property is through the security gate. Only registered Hotel guests or conference attendees will be admitted onto the property. AACR will provide Disney Security with a list of all registered conference attendees in advance of the meeting for controlled access point guard to verify attendance prior to admittance on the property.
- All Disney properties have 24-hour roving walking security guards that patrol all areas of the property throughout the day including the hotel lobby and meeting space.
- Disney utilizes security guards who patrol and monitor via private security vehicles 24 hours per day.

In addition to Disney's comprehensive security, AACR is working closely with Disney Safety and Security to hire additional dedicated uniformed security guards for the duration of the AACR Conference on the Science of Cancer Health Disparities in Racial/Ethnic Minorities and the Medically Underserved.

- AACR has contracted the entire Convention Center at the Grand Floridian. No other groups will have access to the space for the duration of the conference. The only individuals in the Disney Grand Floridian Convention Center will be AACR meeting delegates, all of whom will be required to wear a meeting badge to gain access.
- Supplemental security guards will strictly enforce access to the Grand Floridian Convention center via all entrances throughout the duration of the conference.
- AACR has contracted with a dedicated shuttle service to transport guests between the Disney Coronado Springs (overflow hotel) and the Disney Grand Floridian Convention Center. Only individuals with a meeting badge will be permitted on the shuttles.
