

CONGRATULATIONS TO 25+ YEAR AACR MEMBERS

DID YOU KNOW 25 YEARS AGO

- Douglas Hanahan and Robert A. Weinberg publish their seminal review, “The Hallmarks of Cancer.” researchers more clearly understand and discuss the complexities of neoplastic disease.
- Massively parallel signature sequencing method is published.
- The da Vinci robotic surgical system is the first robotic surgery system approved by the FDA for general laparoscopic surgery.
- Breast and Cervical Cancer Treatment Act passes to provide treatment for low-income women diagnosed with cancer.

Nihal Ahmad, PhD (1996)	Heike Allgayer, MD, PhD (1998)

Celebrating 25 Years

- **AACR-Minorities in Cancer Research (MICR)** was established by the AACR to meet the professional needs and advance the careers of minority scientists.
- **The AACR Foundation for the Prevention and Cure of Cancer** (now renamed the American Association for Cancer Research® Foundation) was launched.
- **Affiliate Membership** and **Student Membership** were created.
