## Eligibility Requirements

The AACR is committed to providing a quality exhibition. Tabletop exhibits will be limited only to the company and the product(s) listed on the application and are subject to approval by the AACR Exhibits Committee for accepted and acknowledged effectiveness and commercial availability. Only the sign of the company whose name appears on the contract may be placed in the booth or appear on any printed list of exhibitors. The AACR reserves the right to accept or reject a potential exhibitor based on its assessment of whether that company or organization's products and/or services are relevant to AACR members and their meeting attendees. All exhibits will be reviewed onsite.

Full documentation as to the extent and results of any research done on the exhibited items must be available at the company's booth. All exhibited items must comply with local, state, and FDA regulations, and must be related to cancer research.

## Non-Profit Exhibitors

Tabletop exhibit space at the non-profit rate is limited. The AACR Exhibits Committee has the responsibility of approving applications for not-for-profit exhibitors. The organization must be a government entity or must be recognized by the IRS as a 501(c)(3) charitable organization. The organization must have demonstrated support for cancer research through financial contributions or provisions of infrastructure. The organization may not offer a product or service for sale on the exhibit floor.

## New Exhibitors

Companies applying for tabletop exhibit space that have never exhibited at an AACR Special Conference or Annual Meeting will need to go through an approval process. The potential tabletop exhibitor is required to submit an application for tabletop exhibit space, a product summary form, and company literature, which is sent to the AACR Exhibits Committee. The tabletop is put on hold during the approval period. The company is notified of the Committee's decision in a timely manner. Upon approval, the application is processed, and the table is assigned to the company. Upon rejection, the application is denied, and the table becomes available.

## Space Assignments

Tabletop exhibits are made on a first come first served basis and will be assigned randomly. Space is very limited at these special conferences, so don't delay. Tabletops will be located at the best visible location, depending upon contracted space. In most instances they are placed in the lobby, pre-function area or at the conference registration area. The AACR reserves the right to relocate the tabletop exhibits.

## Exhibit Cancellations

Requests for cancellations and refunds must be made in writing by email to [exhibits@aacr.org](mailto:exhibits@aacr.org). Cancellations and requests for 50% refunds are accepted until 45 days prior to the start of the event. After this time, no refunds will be given.

## Shipping Information

Shipping information is specific to each conference and will be provided to the exhibitor with confirmation of tabletop exhibit space. Shipping is at the cost to the exhibiting company.

## Labor

Special Conferences do not require hired labor. Therefore, all tabletops must be set and dismantled by exhibiting company.

## Registration

Exhibitors will receive one (1) Exhibitor/Conference Badge per exhibit or tabletop, which will allow participants to access scientific sessions, and one (1) Exhibit-only badge, which will allow participants only in the exhibit area. Additional exhibitor badges may be obtained at the regular registration rates. Registration forms for the Exhibitor/Conference and Exhibit-only badges will be provided after the application and payment is received.

# AACR SPECIAL CONFERENCES RULES AND REGULATIONS

## Violations

Violation of any of these regulations on the part of the exhibitor, its employees, or agents, shall annul the right to occupy the space and such exhibit or will forfeit to Management all monies, which may have been paid. ## Insurance

Exhibitors wishing to insure their materials, goods and/or wares against theft, damage by fire, accident, or loss of any kind, must do so at their own expense. Each exhibiting company is responsible for obtaining insurance (Liability and Fire/Theft) in such amounts as deemed appropriate to comply with its obligations hereunder and for its own protection.

## Fire Protection

All materials used in the exhibit area must be flameproof and fire resistant in order to conform to local fire ordinances and in accordance with regulations established by the National Association of Fire Underwriters. Crepe paper, corrugated paper, flameproof or otherwise, will not be permitted. Display racks, signs, spotlights, and special equipment must be approved before use, and all displays are subject to inspection by the Fire Prevention Bureau.

Any exhibits or parts thereof that are found not to be fireproof may be ordered dismantled. All aisles and exhibits must be kept clear at all times, and fire stations and fire extinguisher equipment are not to be covered or obstructed.

## Cancellation of Conference

It is mutually agreed that in the event of cancellation of the AACR Conferences listed in this brochure, due to fire, strikes, government regulations, or causes which would prevent its scheduled opening or continuance, then and thereupon this agreement will be terminated and the AACR shall determine an equitable basis for the refund of such portion of the exhibit fees as is possible, after due consideration of expenditures and commitments already made.

## General

All matters and questions not covered by these regulations are at the discretion of Management. Management may amend these regulations at any time, and all amendments that may be made shall be equally binding, upon publication on all parties affected by them as the original regulations.

## Notice of Disability

In compliance with the Americans with Disabilities Act of 1990, the AACR will make all reasonable efforts to accommodate persons with disabilities at the meeting. Please contact [exhibits@aacr.org](mailto:exhibits@aacr.org) to make arrangements prior to conference dates.

## Food and Drug Administration (FDA) Approval and Off-Label Indications

The mention (directly or indirectly) of pharmaceutical products not approved by the FDA is strictly prohibited. Handouts or literature of any kind that mention such products directly or indirectly are, likewise, prohibited from display in the exhibit space or in spaces contracted by the AACR. An exhibiting organization may disseminate from its exhibit space peer reviewed journal articles about off-label indications of its product(s), provided the company commits itself to file a supplemental application based on appropriate research, to establish the safety and effectiveness of the unapproved use.

## Photography

The use of any camera equipment in the tabletop exhibit area, including all poster sessions is strictly prohibited.

This includes, but is not limited to, any photographic device or equipment, such as a camera, video recorder, camera phones, and/or recording devices, digital or otherwise.

## Staffing

As a courtesy to the attendees and to fellow exhibitors, exhibits must be staffed during the designated times. All exhibitors are expected to make their travel arrangements in accordance with this policy.

## Distribution of Material

The distribution of material outside of the exhibit area is strictly prohibited. Any material found in unauthorized areas will be discarded and the exhibitor will receive a violation notice.

## Tabletop Activity

If you are planning to conduct any tabletop activities you will need to complete the activity approval form. Contact [exhibits@aacr.org](mailto:exhibits@aacr.org) for more information. AACR conferences are professional, scientific, educational meetings. Please keep this in mind when selecting your activities. Please be sure they are appropriate and are in compliance with the AACR Rules and Regulations. All requests must be submitted to the AACR at least 30 days prior to the start of the conference for review and approval. Any exhibitor found conducting contests, raffles, drawings, or unauthorized events will be required to cease immediately. The AACR will not accept requests onsite.
